

Cat® Extended Service Coverage (ESC)

4 EASY STEPS TO PROTECT YOUR PETROLEUM ENGINE, GENERATOR SET OR TRANSMISSION

Your operation depends on reliable power. That's why you specify Cat® petroleum engines, generator sets or transmissions. With Extended Service Coverage (ESC), you get additional coverage that's just as durable and long-lasting. ESC for **new, used and overhauled petroleum engines, generator sets or transmissions** protects your investment and your peace of mind. Choosing coverage is as easy as following these four steps.

1 CHOOSE FROM A VARIETY OF COVERAGE OPTIONS

First, extend your protection beyond the original factory warranty by choosing the coverage option that's right for your situation.

NEW ESC	Coverage for petroleum engines, generator sets or transmissions is available in 24- to 60-month terms, in 12-month increments, if purchased before the end of your original factory warranty.
ADVANTAGE ESC	Coverage is available after the end of the original factory warranty in 12- to 60-month terms, in 12-month increments, and before the first overhaul. Your petroleum engine, generator set or transmission is eligible if: <ul style="list-style-type: none">> It's less than 10 years from build date AND currently enrolled in New ESC or Advantage ESC, OR> It passes a qualifying inspection performed by an authorized Cat dealer in accordance with the Advantage Certification Inspection Worksheet.
OVERHAUL ESC	Coverage is available in 12- to 60-month terms, in 12-month increments. Your petroleum engines, generator sets or transmissions are eligible once a qualifying overhaul has been completed by an authorized Cat dealer in accordance with the Overhaul ESC Checklist.

2 IDENTIFY YOUR COVERAGE NEEDS

Next, identify the age and current operating hours of your petroleum engine, generator set or transmission since delivery or overhaul. Then calculate your annual hours of use to choose the best ESC coverage terms to fit your needs.

3 SELECT YOUR COVERAGE LEVEL

Then, choose from our Silver, Gold, Platinum or Platinum Plus coverage levels (New and Advantage ESC) for your petroleum engines or generator sets, or Platinum Plus coverage level for your petroleum transmissions, to get the exact amount of protection you need based on the Coverage Matrix¹ and Additional Allowances. Overhaul ESC options are also available. Contact your local Cat dealer for details.
